

RETURN OF INDIGENTS SAVES COUNTY MILLIONS, REPORT

It has cost Los Angeles taxpayers \$788,398 to return 15,840 indigent transients and aliens back to their place of origin by train alone in the last 12 years, according to Robert Jessup, chairman of the board of supervisors. The savings effected in reduced charities cost is estimated by Jessup at several millions of dollars.

The report does not include several thousand persons returned in automobiles, nor transients transported home by the SERA and FEBA. Private agencies returned 9,921 indigents to their places of origin in the same period.

The largest number of shipments occurred in 1932-33 when 2,159 persons were given train tickets. In 1937-38 the total was 1,840.

"Gizzard" Stones Found
GREYBULL, Wyo. (U.P.)—Frequent discoveries of highly polished round stones amid dinosaur excavations near Greybull

Penney Mezzanine Holds Ready-to-Wear

Fully stocked and attractively arranged, the new ready-to-wear department at the J. C. Penney store on Sartori avenue is now in operation on the mezzanine floor. Manager Hillman Lee gave considerable thought to the arrangement of the additional space and he has placed Mrs. Theima Johnson in charge.

The ready-to-wear department contains all of the new spring modes in women's and misses' dresses, millinery, has a wide selection of corsets and a complete baby apparel department. Mrs. Johnson cordially invites local women to shop at the Penney Mezzanine department for the best in modest-priced apparel.

have mystified scientists for years. They were identified as dinosaur "gizzard" stones.

4 STEEL FACTS in one minute

Rolling Steel for Shipbuilders
A new method of rolling steel makes it possible to produce a wide variety of shapes in one continuous run.

Iron Ore One of First American Exports
We shipped a boat-load of iron ore to England. Southern California has iron which sold for \$4 per ton.

75% of Steel Workers Operate Automobiles
Automobiles are used by 75% of the steel workers. This is the reason why the automobile industry is so important to the steel industry.

Earliest Alloy Steel Came from the Skies
The first alloy steel made was a meteorite containing an iron-sulfur alloy that melted under high heat.

PHONE STUDY MAY BRING RATE CUTS

Far-reaching changes in the country's telephone systems, may be urged soon, as the result of a study just completed, it was learned this week.

Results of a county-wide survey on telephones, made jointly by the state railroad commission and Southern California Telephone company and other companies operating in smaller exchanges, are being awaited by engineers who participated in the check.

Statisticians now are piecing together the information that has been gathered, but it will be several months yet before they can form any definite conclusions.

Recent installations made in the county have utilized seven numbers, instead of six as formerly. Telephone company engineers try to figure 10 years ahead, sometimes the company to what the trend in population will be and the resulting demands for service. It has been reported that subscribers to the Los Angeles city system would soon be able to dial direct many numbers through a long distance operator.

Meanwhile, Los Angeles city is seeking rate reductions which has been gathering data for some months in support of its rate proceedings before the commission. Most far-reaching order was that providing for extended service between the Los Angeles exchange and subscribers in contiguous exchanges, and later this was further enlarged to permit similar service to non-contiguous exchanges, such as West Los Angeles.

Boys Lectured for Fruit Theft

Four local boys, ages 16 and 18, were apprehended by police officers as they were assertedly stealing fruit from a stand maintained by Japanese at Torrance boulevard and Hawthorne avenue last Saturday night. Because the boys had never been in trouble before they were not booked and were released after a stern lecture by Police Chief John Stroth.

"Public Notices"

NOTICE TO STOCKHOLDERS OF ANNUAL MEETING
The annual meeting of the Stockholders of the Moneta Water Company will be held at the Office of the Company, Monday, April 3, 1939, at the hour of one o'clock p. m., for the purpose of electing a Board of Directors, and the transaction of such other business as may come before the meeting.
